

Shipping

Siberia at Noon Tomorrow.

The Pacific Mail liner Siberia from San Francisco enroute to the Coast of Asia by the way of Honolulu should arrive at quarantine on or about noon tomorrow with one hundred tons cargo for discharge at this port. The Siberia has eight-five passengers who will leave the vessel at Honolulu. The vessel is to be supplied with about four hundred tons coal during the stay here, and the hour of sailing for Japan and China ports has not been determined by H. Hackfeld & Company, the agents for the vessel.

From the delay in the arrival of the vessel, the inference is gained that the Siberia is meeting with some rough weather in nearing the islands.

Promise Goes into Quarantine.

To rid the Norwegian freighter Promise or rate, the vessel was ordered into quarantine for fumigation immediately upon arrival at Honolulu this morning.

The Promise comes from Makatea and brings 1102 tons phosphate rock consigned to the Pacific Guano and Fertilizer company. The vessel is being handled through the agency of T. H. Davies and company. The Promise sailed from the French south seas on October 18 and met with fair weather on the way up with the exception of two or three days.

The vessel is expected will be brought to a berth this afternoon or tomorrow morning.

Kilauea May Resume Kona Run.

The Inter-Island steamer Kilauea that sailed from San Francisco at two o'clock yesterday afternoon and is due to arrive here on or about November 7 will in all probability resume the Kona and Kau run, relieving the Mauna Loa which will be employed as an extra steamer. The Kilauea was sent to the coast to be fitted with new bottom plates damaged some months ago when the vessel ran aground on a Kau reef. It is reported that the Kilauea will return here with about five hundred tons of sand destined for Pearl Harbor.

No Freight Receiver Election Day.

The Inter-Island Steam Navigation company announces that no freight will be received for shipment on Tuesday November 5, election day. All cargo intended for island ports must reach the wharves by Monday evening. The several steamers listed for departure on next Tuesday will sail on the scheduled hour, but cargo must be aboard before the close of business on Monday.

CHANNEL WHARF MAY BE USED BY LUMBER CO.

If the old Channel wharf can be repaired for less than \$1000 so it may be used with safety in the unloading of lumber it will be returned over to Lewers & Cooke temporarily, until the dredging and other improvements in the Bishop street slip are completed by the Inter-Island Steam Navigation company.

The dock formerly used by Lewers & Cooke, at the Waikiki side of the Bishop street slip, is now being demolished, and the harbor board has discovered that no other wharf in the harbor is available for handling the lumber traffic. The Channel wharf has been virtually out of commission for a long time and considered unsafe for a team and wagon.

A. C. Wheeler, at the board's request, last week made an examination of that pier and at the meeting yesterday submitted a written report stating that he thought the necessary repairs would not cost more than \$750. Chairman Marston Campbell was inclined to dispute this figure, saying he did not believe it could be made safe for an expenditure of less than \$8000 to \$10000. After some discussion Commissioner James Wakefield was appointed a committee of one to make a further investigation and to confer with Lewers & Cooke. The commission has no more than \$750 to spare for repairing the wharf, and it is thought that arrangements may be made with the company whereby Lewers & Cooke can furnish the necessary repair timber for a sum within the amount available, on condition that they shall have the use of the pier.

The American oil tanker Lansing is reported to have arrived at Port San Luis after having been discharged of a shipment of fuel oil at Kahului. The Lansing reached the coast on last Tuesday.

Harbor Notes.

According to announcement from the agency of C. Brewer and company the Oceanic liner Ventura from Australia will be dispatched for San Francisco between nine and ten o'clock Friday night.

The Matson Navigation steamer Wilhelmina for Hilo will be dispatched at five o'clock tomorrow evening according to the present expectations of Cooke and Cooke the local representatives.

Korea's Passengers Surprised Authorities.

The immigration authorities were amazed at the number of Asiatic passengers on board the Pacific Mail liner Korea which arrived at San Francisco on September 30. There were 332 Chinese in the steerage quarters, over 150 of whom were destined for Calexico, Mexico. It is said that they were induced to take passage by unscrupulous Chinese agents in the Orient, who told them that shortly after their arrival in Mexico the republic would be annexed by the United States and they would become citizens. Quite a number of these immigrants will be deported by the authorities.

GAVIOTA — Sailed, Oct. 30, ship Marion Clifton, for Honolulu.
SAN FRANCISCO — Sailed, Oct. 30, 3 p. m., S. S. Kilauea, for Honolulu.
MIDWAY ISLAND — Sailed, Oct. 24, sch. Florence Ward, for Honolulu.
SAN FRANCISCO — Arrived, Oct. 31, 3 p. m., S. S. Hiloian, from Hilo, Oct. 24, 10:00 a. m.

Coal Operators Out on Strike.
Coal operators on the coast are on strike in snapping up steam tonnage as soon as it becomes available. With the heavy export trade to the Orient and the demand for lumber in Australia and the wheat season beginning the rates remain firm, with an active market.

Well-Known Schooner Changes Hands.

The well known schooner O. M. Kellogg has been sold by the Charles Nelson Company to Atkins, Krell & Co. She will be placed on berth for Samoa.

There is a rumor that William Rockefeller is afflicted with cancer, but no definite news can be ascertained.

LOCAL OFFICERS SEE PROMOTION

A number of officers stationed at Schofield barracks are looking forward to the addition of a leaf or bar on their shoulder straps in the near future. The following have received orders to come up for examination for promotion as soon after January 1 as practicable:

First Lieutenant Barton, Second Lieutenant Hanson, Second Lieutenant William Christy, Second Lieutenant Sloan Doak and Second Lieutenant Alex James, Jr., all of the Fifth Cavalry; Capt. Edward Shuttleworth and Capt. Peter Marguard, Second Infantry; Capt. William Newman, First Infantry; Second Lieut. Seth W. Schofield, Second Lieut. Thomas Spencer, and Second Lieut. Jos. Hall, First Infantry; Second Lieut. Cary Crockett, Second Infantry; First Lieut. Philip Lauber, First Lieut. Joseph Kay and First Lieut. Franklin Jackson, Second Infantry.

LABONA TELLS

(Continued from Page 1)

Crew Stands by Labona.
Members of the crew of the Guernsey offered a statement to the Star-Bulletin today to the effect that Labona was not an agitator among the firemen. The men in the firing and engineer squads go further and say that they are in perfect sympathy with the fireman now under arrest and facing a serious charge. These men insist that Labona is right in his declaration made at police court yesterday morning that he was abused by the skipper of the Guernsey when called to the bridge. The men in the Guernsey insist that they want to see justice done in the case in which Labona is interested.

Clark Made Damaging Statement.
A seaman named Clark is credited with having made the statement that he was present at a gathering in which Labona was a member, when the fireman was overheard to say that he would make away with the skipper and then kill himself. Clark further stated that three other persons overheard the remark. The police have been sent out to secure their presence at the hearing before the higher court.

Labona Enters Denial.
Labona entered a vigorous denial to the allegations from Chief of Detectives McDuffie to the effect that Labona admitted to the officers that he wanted to scare the master of the Guernsey by firing at him. When brought to the stand this morning, Labona insisted that he had made no such statement to the officers.

Lloyd-George, the English statesman, has accepted an invitation to visit America in 1913.

REPUBLICANS OF KALII TO GIVE LUAU TONIGHT

Another big luau is on the Republican program. Republican luau are famous for the spirit of harmony which prevails at these gatherings, where the various candidates are enabled to get close to the people and talk with them on the vital principles at stake in this strenuous campaign.

This luau takes place tonight at Kalii, near the big poi factory, King street, and will occur within a great pavilion erected for the purpose, walled by palms and lavishly decorated with flowers and flags. There will be room for the great crowd to be invited. Music will be furnished by noted glee club singers and instrumentalists.

The leading candidates on the Republican ticket will speak from the platform, addressing the feasters on subjects bound to interest them. The election is drawing very close, and as the fateful day approaches, the matters to be discussed with the public become more and more to the point. It is an opportunity for political insight and education that should not be missed.

The feast begins at 6:30 o'clock. It is given by the ninth precinct of the fifth district and Charles Achi will preside.

The other Republican meeting tonight is at Cooke and Queen streets, Kakaako.

HARBOR NOTES

Cargo, mails and passengers destined for Kauai ports will be dispatched in the Inter-Island steamer W. G. Hall, sailing at five o'clock this evening.

The Inter-Island steamer Helene is taking on freight destined for Kohala, Paeau, Oahala, Laupahoehoe and Papaaloa, being scheduled to depart at four o'clock this afternoon.

Lumber destined for Kauai has left the coast in the American barkentine John Smith, which vessel sailed from Grays Harbor on Tuesday for Port Allen.

Supply for Guam.
The United States Naval transport Supply is expected to sail for Guam and Manila tomorrow afternoon. The vessel has been taking on a quantity of coal during the stay at this port.

The government has been investigating the suspected use of the mails for nefarious practices and it is believed that scores of arrests will be the result.

Before marriage a girl wants her fiancé to write her love letters, but after facing the person with whom she is satisfied with checks.
